

On-Demand access to the **BMP 1.2**

Water Loss Control Training

Satisfy the training requirement for
BMP 1.2 without leaving your desk!

Register today to gain access to this valuable recording of the November 2012 training featuring noted speakers in the area of water loss detection. Registration includes workshop materials and on-demand, browser based access to the recording. Registrants may pause, resume, and revisit the recording as needed.

Topics covered during this training include:

- How to use the AWWA M36 water loss software
- How to perform an economic valuation of your agency's water loss
- Component analysis of water loss
- Collecting data and meter calibration
- How to document and report your BMP 1.2 efforts
- And more!

Presenters include Reinhard Sturm from Water Systems Optimization, Inc., George Kunkel with the Philadelphia Water Department, and David Mitchell from M.Cubed.
